

Dear friends,

***"...the joy of the LORD is your strength" (Nehemiah 8:10)***

The people of God under the leadership of Nehemiah started to build the walls of Jerusalem. This task included a lot of challenges and threats. Some of the main messages coming from this book are: love God and listen to his voice. Only faith in Him allows you to reach the goals without losing the focus and be distracted and side tracked. Worship and prayer played an important role in the building strategy.

In these months we have been thinking often about these truths and we have also noticed that if we want to live in the joy of the Lord there are also some costs. The joy comes when we know that we are in the will of God and submit our lives to Him and to his plan. Supernatural strength is released in us though the real joy of the Lord.

We are working together in practising these values in our family life. We live discipleship by making decisions every day to follow God and choose for Him in each situation. We are experiencing so much joy in our children and we are

always so amazed at the steps that they were able to take. Michael will be nine years old in August. He likes to build, play, climb, read and play flute. He is very happy to be in school and he is always motivated in learning new things.

Simona is nearly 6½ years old and is in kindergarten. Pink is her favourite colour, she likes to do handcraft, paint, swim and playing keyboard. She is looking forward to go to school in few months. Our kids like animals very much and they are taking care of five nice guinea pigs.

***"Many plans occupy the mind of a man, but the LORD's purposes will prevail" (Proverbs 19:21)***

Some weeks ago God has shown us again the vision that we have received in 1997 to build His Kingdom, plant churches and make disciples of all the nations, specially in Europe and we have been really surprised! People come and go and make a lot of mistakes, but the will of God remain. The vision of God is bigger than our mistakes or all the worries that we have had in this time and we know that His will is going to be manifested in our lives. He has protected us in this difficult phase and is going to move us forward into a new season prepared for us!

***"All authority in heaven and on earth has been given to me. Therefore, as you go, disciple people in all nations, baptizing them in the name of the Father, and the Son, and the Holy Spirit, teaching them to obey everything that I've commanded you. And remember, I am with you each and every day until the end of the age." (Matthew 28:18-20)***

### Some thoughts on the ministry of Jesus:

When we look at Jesus Christ's three year of ministry we see that He encounter many kinds of lost people. First of all Christ introduced the gospel to His own people, the Hebrews. But the Gospels also is telling us of specific kinds of people to whom Jesus introduced the kingdom. Fishermen, tax collectors, Samaritans, rich, poor, lepers, Greeks, prostitutes, the sick,

demon-possessed, children, Pharisees, and Sadducees are some of those who Jesus reached.

Christ's three years of kingdom ministry also focused upon the future growth of His Church. Just before His ascension He said

***"Jesus declared that His followers would witness to all the peoples living in Jerusalem, Judea, Samaria, and the ends of the world" (Acts 1:8)***

The rest of the book of Acts describes Christ's disciples taking the gospel to the end of the earth. Places like cities and villages, homes, prisons, and schools became channels for the spread of the gospel. The letters of the New Testament describe the details of the early church's efforts to obey Christ's commission to His disciples to witness among and make disciples of all *ethnic* group.

Jesus' life as described in the Gospels provides the ideal pattern for us seeking to live the Great Commission lifestyle. Just as important for our instruction are the examples of people like Paul, John, and Peter, as well as the other believers described in the New Testament. These not only provide us examples for following Christ's pattern of life, but they also point out the areas where we will be tempted to fail in obeying Christ and how we can overcome in the power of the Holy Spirit.

### Some thoughts on our ministry:

Therefore our vision for the coming years will go in the same direction of Jesus's mandate. We will continue to reach different people groups helping them to become disciples of Jesus and to make other disciples so that the "Message of the Kingdom of God" will spread everywhere. Considering the present spiritual situation of Europe we are facing a difficult task and we would appreciate your prayers and help in this job. In these months we have specially

worked on some important connections with people that have a similar vision and calling like us. Among those friends that we have specially linked with Florian and Anni Bärtsch. We have know this couple since some time, but we were very surprised how God led us to start together with them a new apostolic team with the goal of reaching the nations though discipleship. Florian and Anni have been involved in church planting in Switzerland and shared powerful evangelistic inputs in many countries. Some years ago they have started together with a small team the known Mission organisation "Kingdom Ministry".

moment working intensively in building strong relationships and praying for the tasks the Lord has prepared for us. In Summer 2012 we are going to start a powerful training for pioneers and church planters. You can read more information about this on [www.pioneeracademy.eu](http://www.pioneeracademy.eu).

**Our new team is going to work side by side with Life Share Network, Kingdom Ministry, and c-Movement. We will continue our partnership with the Swiss and European house church Network and with the prophetic ministry of Filet du Maître (France).**

Our common focus as a team will be to train people working in church planting in Switzerland, Europe and Asia. Of course we will invest our resources and time in different locations where we have served over the last years. We are at the

### Our book of Acts:

Some time ago we have placed in our web pages a new session with the name "our book of Acts". We have chosen this name because we believe that we can continue to add more stories of what Jesus and the apostles started 2000 years through our own lives! Read some of these stories and feel free to send us a short report of what you are experiencing with God and we will publish them on the web. Here are some of our latest stories...

*with our Italian team several testify that in those days they had entered into a new relationship with the Father and received deliverance and healing deep in their hearts.*

*As we were eating in a restaurant in Switzerland the waiter came to our table and God started to speak to us about an important decision that this person was*

*about to make that day. We shared with him that the Father saw his heart and wanted to help him taking a decision for life and not for death. The man was frozen and started to cry and set down with us. We could explain him the Gospel and pray for a change in his life.*

*This winter we had an incredible training weekend in France were about 300 people came from different places in the country to get trained in evangelism and church planting. Seldom we have experienced such an open atmosphere when we taught on this topic. People were touched in the hearts and several decided to recommit their lives to God and to his calling for their lives. Many asked us to help them improving their vision and values in church planting and some experienced deep healing for their past church experiences!*

*In our trip to India in January we were able to pray for about 80 people that are involved in planting house churches in Mumbai. Some of these fellows are so hungry to see God moving in their lives that they are willing to go through incredible sacrifices and high risks. We could see powerful breakthroughs in their lives and after ministering to them*

### Prayer requests:

- We need wisdom & God's strength in managing our priorities.
- Protection of God for the family.
- Pray that God will touch every person of our partner churches.
- New converts and the birth of new churches in our region, in Europe and India.
- Regular financial support for us and the ministry. We would need 1500. euros/month to cover our personal and ministry expenses. We are not receiving any wage for our work and still living from people's gifts. Many of our travels cannot be paid from the people that invite us.
